Pistachio Crop Insurance Plan
Listening Sessions for Growers, Insurance Co. Staff & Agents

Agralytica of Alexandria, Virginia is conducting an evaluation of the pistachio insurance plan on behalf of the USDA’s Risk Management Agency (RMA). As part of the review, Agralytica staff will hold listening sessions with growers, insurance staff and other interested parties in several California cities.

The aim is to get feedback on how the pistachio policy pilot is working, how it can be improved, and to decide on next steps for the policy. This is an opportunity for producers, insurance staff and agents alike to communicate concerns and possible improvements for consideration.

The dates, venues, and timing of the listening sessions are as follows:
